Decision Soon On Assistance For Hospital

Whether or not the newly formed Washington Township Hospital District can presently qualify for state and federal financial aid toward construction of a hospital here will be known in about three weeks, according to word received from the State Department of Public Health by the directors of the district.

At the regular August meeting of the board Wednesday evening, it was disclosed that preliminary application has been made to the state, which has authority to allocate state and federal funds amounting to two-thirds of the cost of hospital construction.

ARCHITECT PRESENT

Present at Wednesday's meeting were Robert Stanton, distinguished hospital architect, and his assistant, Larue Sorenson. Stanton, who is hospital consultant for the State Department of Public Health and who, during the war, was hospital consultant for the federal government, had assisted the local hospital committee in taking various legal steps toward forming the present district.

He pointed out that the district itself must acquire the site for a hospital, state and federal aid applying only to actual building construction costs. An option on a site, however, is sufficient basis for obtaining government commitment of financial aid.

SIZE INDEFINITE

Stanton declined to state precisely the size of hospital Washington Township needs, since such a figure is properly within the judgment of the state health department. However, for a rural area such as the township, the accepted figure is 2.5 beds per thousand population, which should indicate need for a hospital of about 50 beds.

The directors voted to invite Dr. P. K. Gilman, head of the hospital bureau of the State Department of Public Health, to meet with them and advise on future steps.

Directors of the hospital district are: President L. S. Whitaker, Allan Walton, Fred Melhase, Manuel F. Silva and A. E. Alameda. Also present at Wednesday's meeting were Judge E. A. Quaresma, Edward E. Enos, Dr. E. C. Grau and Dr. Merle Buehler.

The council, established May 23, now has approximately 70 members. Edw. L. Rose of Irvington is president.

RURAL COUNTY AREA HOME CONSTRUCTION SURPASSING CITIES

Volume of home construction in the rural, unincorporated area of Alameda county, is exceeding the building rate of the incorporated cities, according to figures compiled by the Oakland Chamber of Commerce and released this week.

In the first six months of this year, 1,651 homes were built in the unincorporated area of the county, compared with 1,338 homes in the eight incorporated cities in the county.

For the year ending June 30, building permits were obtained for 8,541 dwellings in the county, with a total valuation of more than 75 million dollars. Rate of construction for the first six months of this year is 23 per cent above the corresponding period for 1947.

These statistics indicate that 1948 will see the largest growth period in the county's history.

BUILDING PERMITS NEAR TWO MILLION

Building permits for 318 new single family homes were issued by the Alameda County Building Inspection Department in July, the aggregate cost of construction of which will be $1,991,000.

Total construction permits issued amount to $2,309,755, which also include 7 duplexes, 1 3-family residence, 49 dwelling alterations, 31 private garages, 17 new commercial buildings, and 10 commercial alterations.

DECOTO C.C. ASKS GRADE CROSSING

Supervisor Chester E. Stanley will be invited to attend the next meeting of the Decoto Chamber of Commerce in order to take part in the discussion seeking the support of the county road department in securing a grade crossing over the Southern Pacific tracks on E street.

This announcement came following the regular meeting of the Chamber held this week.

The motive for seeking a grade crossing is to reduce the fire hazard. With only one crossing now available at H street, a bad fire west of the tracks would be disastrous due to inability of the fire equipment to gain access to certain areas, it was stated by Chamber members.

President Kenneth Garcia presided at the meeting.

IRVINGTON WOMAN IN AUTO ACCIDENT SUNDAY

An auto accident, involving two cars, occurred last Sunday on the Centerville - Irvington highway, causing two persons to be taken to the Fairmont Hospital by the Dallas Paul ambulance.

Mrs. Ruby Renfro of Irvington, driver of one car, suffered a hip injury. Tony Marquez of Hanford, who was coming to Centerville to see his brother, suffered cuts on the face and possible internal injuries.

JARVIS ROAD WORK TO START MONDAY

Next Monday work on the realigning, widening and paving of Jarvis road will start, according to Supervisor Chester E. Stanley.

The road, extending from the Centerville-Alvarado highway to the Dumbarton bridge road, is being improved with both county and state funds on private contract awarded by the state.

NILES MAIN STREET GETS GOOD CLEANING

Main street in Niles this week got a good going over when Road Superintendent Joe Telles had a crew sweep the gutters from one end to the other.

Then came the paint crew, and now all the parking lines are visible once again.

BAINE AVENUE PAVED

Paving of Baine avenue, from Blacow road to Newark by the county was completed this week, according to Supervisor Chester E. Stanley.

BANK ALARM BRINGS COPS IN A HURRY

Two deputy sheriffs jerked alert Wednesday morning in their patrol car when the voice on their radio said briskly: "Burglar alarm . . . Niles . . . Central Bank."

It was 5:50 a.m., not long past daybreak—an unusual hour for a bank robbery.

The car whirled in a sharp U-turn and headed for Niles, gathering speed. The officers slipped quickly out of their car as it stopped. One ran to the back door of the bank, the other to the front. They held their guns ready. It was just four minutes since they'd received the call.

Another car drove up. In it was Jack Parry, teller at the bank. Manager Robert Blacow arrived in his car. The alarm was clanging loudly.

Manager Blacow explained matter-of-factly to the officers that there must be a short-circuit or something. He unlocked the door and they went inside.

Sleepily, he and Jack Parry opened the vault and disconnected the alarm.

First word of the alarm sounding had come by telephone to Mr. Blacow—who wasn't at all alarmed, because nobody would be foolish enough to try to rob the bank at that daylight hour. Someone phoned the Hayward sheriff's office. Mr. Blacow's phone kept ringing as others called him. So he stayed up, phoned Jack Parry, since it requires two persons to open the vault, and went down to the bank to turn the thing off.

The officers left.

The neighborhood slept again.

CENTERVILLE C. C. PLANS DECORATION

A committee to look into possibilities of raising sufficient funds to decorate Main street in Centerville for Christmas was appointed Wednesday by President Allan Walton of the Centerville Chamber of Commerce.

Five hundred dollars has been estimated as the probable cost of decorations. The committee consists of Jim Hagen, Phil Willis and Erle Hygelund.

Judge Allen G. Norris, who has been delegated to inquire of the Division of Highways whether or not decoration of a state highway is permissible, reported that the state has no objection to any display that is hung 18 feet high or higher and is not of "gaudy colors."

SPEAKER URGES MANAGER PLAN

Charles A. Everson, tax analyst for the Alameda County Taxpayers Association, spoke to the Niles Rotary Club yesterday on the currently discussed proposal to adopt the "county manager" plan in Alameda County government.

The speaker stated that great economy for the county would result from this type of administration.

Speaker at next week's Rotary luncheon will be Dr. Paul W. Reagor of Oakland, past-president of the Oakland Rotary Club, who will speak on "Rotary and World Affairs."

ARTS APPECIATION SECTION CHANGES AUGUST PLANS

A change of plans in the program for August for the Arts Appreciation Section of the County Club, calls for a meeting at the home of Mrs. Walter Connolly on August 25. Mrs. Connolly will also have charge of the program for the evening. This validates any previous plans for the month that were made at the last meeting.

For the month of September the club has chosen to discuss a new book, "Zulu Woman." Information concerning this book may be procured from the secretary, Mrs. Edith Mackintosh.

START CANNING PEACHES MONDAY

The Marlo Packing Corporation of Decoto will start canning peaches Monday, with an estimated 400 workers on two shifts. The pack this year is expected to run heavier than last, at about 75,000 cases. The peach canning season will run for three weeks to a month.

FORGERY HEARING FOR NILES TEACHER SET FOR AUGUST 13

One of the most-discussed cases, because of its "peculiar aspects," to occur locally in some time is scheduled for the Niles Justice Court next Friday, August 13, at 9 a.m., when the case of the People vs. Jack Sweeney will come up for preliminary hearing before Judge E. A. Quaresma.

A former teacher at the Niles Elementary School, Sweeney is charged in a complaint signed by Principal E. Dixon Bristow with forgery on three counts. Sweeney is being defended by Attorney LeRoy Broun of Centerville.

FREE ON BAIL

The ex-teacher is now free on $1,000 bail, following reduction from $3,000 by Judge Quaresma on June 18. Previous to the reduction of bail, Sweeney had been held in custody in the county jail.

The defendant, who taught during the 1945-46 school term, allegedly under the name of a cousin, Glen Forrest Sweeney, is charged with forging the cousin's name to three documents.

This circumstance was discovered by Principal Bristow in September of 1946. Glen Forrest Sweeney, discharged from the armed forces, applied at the University of Oregon for his teacher's credentials. He discovered that they had been sent to Alameda county. Upon learning these circumstances, Bristow discharged the teacher instructing here under that name.

COMPLAINT DELAYED

While teaching here, Sweeney collected $2,700 in salary from the Niles Elementary School District.

The fact that no legal action was taken in 1946 against Sweeney for allegedly collecting public money under a false name involve, according to Defense Attorney Broun, "peculiar aspects." Bristow did not sign a complaint until June 9 of this year.

TROOP COMMITTEE TOLD SCOUT NEEDS

The regular monthly meeting of the Centerville Boy Scout troop committee was held at the home of Kurt Suhnel on July 28, with the following members present: Art Belshaw, Orion Dunbar, scoutmaster; Bob Walstra, assistant scoutmaster; Anker Christensen, the Rev. Arthur Freeman, Kurt Suhnel and Walter Texera. Lee Williams attend as the representative of the sponsoring organization, the Lions Club of Centerville.

The question of finances came up for discussion, with the announcement that $500 more is needed this year for modernizing the club house. Various means of raising money were discussed, among which was a suggestion that the Lions Club put on some activity with the aid of the Scouts.

The members of the committee were asked to help the Scouts retie the paper collected in the recent drive—this to be done on Saturday, August 7.

The meeting was concluded with refreshments served by Mrs. Suhnel.

NILES BUILDING TO BE ENLARGED

Construction of an addition to the building at 151 J street, Niles, will start shortly, to accommodate expansion of the Niles Machine & Tool Works. Nine hundred feet of floor space will be added to the building, which is owned by Mrs. Irene Henderson.

The shop is operated by Elmer Marks and Richard Nicklasson, who specialize in precision production of machine parts.

FINAL RITES HELD

Final rites for Mrs. Julia Ramirez Dominguez, 48, who died at her home in Alvarado after a long illness, were held Thursday morning at the Berge Mortuary Company at Niles. Mass was said at St. Anne's Church in Alvarado.

The deceased is survived by her husband and four children.

Interment was at Holy Sepulchre Cemetery.

AT ELECTRICAL PARLEY

John Brahmst of Niles attended the electrical contractors convention at Santa Cruz over last weekend.

Water Shortage Reaches Point Of Desperation for Local Farmers

With the underground water supply in Washington Township dropping steadily at an average rate of one foot per week, farmers in the area are approaching what is indicated to be the most critical water shortage problem in years.

This week The Register made a comprehensive survey which revealed that considerable acreage cannot be farmed for much longer unless there is a marked improvement in well conditions. Wells which have gone dry for lack of rainfall this year range in depth from shallow wells to some which go to a depth of as much as 250 feet.

Don Driscoll of Irvington, of the Driscoll Berry Farms, which operate approximately 250 acres in the township, stated that a 250-foot well near Centerville has become useless, while a 297-foot well on Olive avenue appears in danger.

P. S. Megino, manager of the United Growers Co-Op, Irvington, whose 12 grower members farm about 400 acres, reported that 5 out of 18 wells in this acreage have gone salty, at depths ranging from 95 to 140 feet.

L. S. Williams, operating 600 acres in the Centerville-Irvington area, said that one out of the 12 wells used for irrigation of this property has been abandoned, while another well between Centerville and Irvington, 150 feet deep, appears to be failing.

SMALL FARMS ENDANGERED

Growers generally agree that unless the situation improves, some farmers of small acreages will face the prospect of having to abandon operations. The high cost of putting down deep wells is uneconomical for the small grower.

As for land that has been and is being injured by salt content of well water, the grower who farms rented land will find it impractical to pay the average rental of $50 per acre and at the same time afford the cost of neutralizing the salt by chemical treatment of soil.

A good part of the shortage of underground supply of water in the strata from which most wells pump is attributable, it is stated, to the type of crops now being grown in the township and requiring heavy irrigation. Recent years have seen a marked change of crop here, with present production running largely to sugar beets, celery, lettuce and cauliflower.

A local pump distributor told The Register that practically every well in Washington Township is either giving trouble or in danger. Average flow from wells still functioning has decreased markedly, lack of suction causing some wells to produce less than 25 per cent of normal. Correction is made where possible by adding columns to the pumps, lowering them, or installing larger units.

Suggested solutions of the water shortage problem vary.

The Register encountered little comment on the proposed Reber Plan. This plan—the feasibility of which is a subject of argument—is of such magnitude and would

ASKS EXPLANATION OF WATER RIGHTS

The Niles Chamber of Commerce this week voted to ask the directors of the Alameda County Water District for an explanation of the status of the city of San Francisco in regard to water rights in Southern Alameda county.

The Chamber, in previous meetings, has expressed concern over the storage of water by San Francisco behind the Calaveras dam. This water would normally flow down Alameda Creek and filter underground into the water table from which township farms and industries pump their water.

Also questioned was the right of San Francisco to sell water to various smaller cities, while at the same time depriving this area of its natural supply.

LOCAL MEN WILL ATTEND MEETING

W. D. Patterson and Engineer H. F. Harrold of the Alameda County Water District today are attending a meeting of the State Water Resources Board of San Francisco.

Engineer Harrold stated this week that the state board is holding the meeting to learn local conditions in various regions of this part of the state. Water conditions are severe in a number of farming areas, and the state is making a comprehensive study of conditions.

FILIPINO HELD ON MORALS CHARGE

Anado V. Vite, 38, Centerville, a Filipino gardener and houseboy, will appear in Niles Justice Court today (Friday) to enter his plea to four counts on a felony charge of molesting two nine-year-old Centerville girls.

Vite appeared in court last Friday for arraignment and, after listening to the reading of the charges by Judge E. A. Quaresma, requested a week's delay to enable him to arrange for counsel. He indicated that he had applied for the services of the Public Defender. He is in custody in lieu of $5,000 bail.

ST. JUDE'S HAS NEW COMMITTEES

St. Jude's Institute No. 163, Y. L.I., held its regular meeting on July 27. The following committees were appointed for the coming year by the new president, Mrs. Bertha Rose:

Monthly Communion and Perpetual Novena, Dorothy Misener; membership committee, Isabel Vargas and Evelyn Peixoto; publicity, Dorothy Enos; scrap book, Wanda Leal; ways and means, Mary Rose, Teddy Pereira, Mary Gomes, Isabel Silva, Mae Alameda, Emma Enos and Pearl Guardanapo; gift, Margaret Spetti, Dorothy Misener and June Lewis.

By-laws committee, Mary Freitas, Pearl Guardanapo, Anne Rose and Anne Perry; receptionist, Beatrice Enos; application committee, Isabel Vargas and Evelyn Peixoto; funeral committee, Bertha Rose, Dorothy Misener, Isabel Vargas and Evelyn Peixoto; program committee, June Lewis and Evelyn Rose.

HEARING SET FOR NEWARK SET-BACKS

A public hearing at the court house in Oakland to consider revising certain building set-back lines in the Lindsay subdivision of Newark has been called for August 17 by the Alameda County Planning Commission.

It is pointed out by the commission that homes in the tract have been constructed with 10-foot set-backs, whereas under the county zoning ordinance 20-foot set-backs are required.

If there are insufficient objections to continuing with 10-foot set-backs, the ordinance will be amended to allow their continuance.

MANAGER NEEDED FOR COMMUNITY CHEST CAMPAIGN

The members of the Washington Township Community Chest committee held a reorganization meeting last Thursday evening and re-elected all officers to serve for the current year.

The group, however, was unable to find a successor to Warren Gravestock as a fund-raising campaign manager. Gravestock told the group that he would be unable to take on the task this year because of his extra duties with the Rotary Club, of which he is president.

Each officer was asked to consider possible appointments and a meeting will be called later this month, at which time a manager will be announced and community chairmen appointed.

Last year's officers, who will continue to serve this year, are: Edward E. Enos, Niles, president; Judge Allen G. Norris, vice-president; Mrs. Edwin B. Freitas, secretary; and Carl Christensen, treasurer.

Enos revealed that the budget submitted to the Community Chest to date are: Boy Scouts, $2,500; Girl Scouts, $1,470; and Travelers Aid, $100. He added that the Salvation Army, which generally participates in the drive, has not yet submitted a request for a portion of this year's collections.

SEWER PROPOSAL HITS MONEY SNAG

There is not sufficient assessed valuation as yet in the area immediately east of Niles to allow sewer construction, it was disclosed Wednesday evening at a meeting of the Union Sanitary District.

Investigation was being made by the Niles Junior Chamber of Commerce of possibilities of annexation to the district of the area between Fremont avenue and the Niles-Mission highway, south as far as Morrison Cayon road, including Walnut Way, Cherry Lane, the Ellsworth Tract, and extending northeast to the hills.

Wednesday's meeting was attendtended by Jack Parry and Secretary Vernon Ellsworth. They were advised by Engineer Goodridge of the district that the area concerned has an assessed valuation of $195,000. Since sewer construction would cost an estimated $44,000, the area could not amortize construction cost at the maximum sanitary district tax rate of 15 cents.

YOUNTH CONFESSES TO BURGLARY CHARGE

Eugene S. Silva, 18, member of a family employed at the ranch of Florence Silva, Centerville, as fruit pickers, entered a plea of guilty in Centerville Justice Court last Friday to a charge of burglary.

Silva admitted entering the house of his employer and taking a valuable wrist watch. His case was certified to Superior Court by Judge Allen G. Norris, where sentence will be imposed.

EASTERN STAR CHAPTERS TO CONVENE IN HAYWARD

A joint session of five chapters of the O.E.S. in this district will be held at the Masonic Hall in Hayward on the night of August 13. The occasion will honor the grand worthy matron and the grand worthy patron.

The chapters to be represented include those at Centerville, Hayward, Pleasanton, Livermore and San Leandro.

Cpl. Wesley Stone, formerly of Lawrence, Mass., and Pvt. Fred Martinez of Colorado, were unexpected and most welcome guests at the home of Mrs. Helen Russell in Irvington recently. Cpl. Stone is a nephew of Mrs. Lena Griffin, Mrs. Russell's mother.

Word had been received by Mrs. Griffin that he was headed for California and would look up the family, but the element of surprise was still there. Both soldiers have only been in California one week and are temporarily stationed at Hamilton Field awaiting orders.

Cpt. Stone's wife and two small daughters are now making their home in Salem, New Hampshire, while he is in the army. While visiting in Irvington, Cpl. Wesley Stone enjoyed a "rare" delicacy, dried apricots, which in Massachusetts sell for an enormous price of over a dollar a pound, when they can be had, which is at Christmas time.

Centerville Family Busy Entertaining

The Angelo Ferraris household in Centerville has been as busy as a bee-hive during the past week or so. Among the guests whom they have entertained included Mrs. Dickensen and her son, Richard, of New York—visitors to California for the first time.

They, being of the younger set, were entertained by daughter Diane Ferraris, while Mrs. Ferraris motored over to Oakdale on Sunday with her cousin, Mr. Antone August, to attend the wedding of another cousin, Irene Terry.

Kathleen McCasey Is Christened

Christening ceremonies were held at Corpus Christi Church in Niles last Sunday at 1:30 o'clock for little Kathleen Ellen McCasey, daughter of Mr. and Mrs. Eugene McCasey of Second street, Niles. Father Timothy Hennessy officiated.

Acting as godmother was Marcella Bliss, and the baby's uncle, Emmett Sullivan, acted as godfather.

The occasion was cause for double celebrating, as the baby's grandmother, Anna Sullivan, observed her 80th birthday on the same day.

STEWART PITCHES NO-HIT GAME FOR IRVINGTON TEAM

Clarence Stewart of the Irvington Merchants last Sunday held the Novato baseball club to no hits in a stellar performance that saw the local team win 7 to 2.

According to Manager Frank Mayer, who caught for Stewart the Novato boys were handy at the plate, but Stewart wouldn't let them connect too soundly. Novato's two scores were walked.

The game also saw a nice homer hit by Eddie Rose, who accounted for two runs. Manager Mayer, Centerfielder Marshall and Second Baseman Garcia also scored two apiece. The team made seven runs out of eleven hits.

Next Sunday the Irvington Merchants will play at Linden.

LIVERMORE INVITES SOFTBALL ENTRIES

Entries for the Second Annual Livermore Softball Tournament, to be held August 23 through September 3, at Recreation Park, Livermore, are being received in increasing numbers this week, causing Tournament Manager C. B. Schuchardt to warn all teams desiring to enter, to do so at once. Schuchardt pointed out that August 18 is still the deadline for entering, but added that the tournament can't promise to take every team entering this late.

Entry blanks may be obtained from Schuchardt, P. O. Box 215, Livermore, or by phoning Livermore 82-R. A large prize list is again being offered this year. Merchandise orders valued at $100 for the winner, $50 for second place, and $25 each for third and fourth places are only a part of the lucrative list of awards, which includes handsome trophies for first and second place. In addition many valuable individual player awards will be posted by Livermore merchants. These will be awarded as the tournament progresses.

CHEVROLETS BEAT MISSION FOR PRESIDENT'S TROPHY

They're still talking about those Central Chevrolets. Wonder team of the post-season competition, hitting on all cylinders, mechanically perfect, tuned just right, and with the help of exactly the right number of Alamedas, the Chevrolet boys last Friday evening bested the Mission Firemen 2 to 1 to cop the President's Trophy.

Two highly popular softball aggregations, the teams competed before a large crowd.

First score in the ball game came when Ted Garcia scored for Mission in the scond inning.

It was the next inning, however, that settled things. Stanley Alameda scored. Mel Alameda scored.

And that was the ball game.

Playing for the victors were: Stanley Alameda, lf; Adolph Enos, cf; Ernie Rogers, rf; LeRoy Moora, 3b; Don Lemos, 2b; Joe Machado, 1b; Henry Vervais, ss; Mel Alameda, bs; Harold Alameda, c; and John Rodrigues, p.

Chevrolet subs were: Richard Brunelli, Stuart Wilkinson, Robert Kitchcart and Larry Dutra, manager.

Mission players were. Tony Rivers, c; Larry Rogers, p; Tony Orrellas, 1b; Ted Garcia, 2b; Herb Strub, ss; Ralph Chapman, 3b; Frankie Rogers, bs; Harold Faria, lf; Jimmy Perry, cf; and Joe Rebellos, rf.

CENTERVILLE LIONS PLAN BARBECUE

Plans are being made for the annual Centerville Lions Club barbecue, to be held this year at Linda Vista Park in Mission San Jose on August 24.

General chairman of the affair is L. S. Williams, who is being assisted by the following sub-chairmen: George Harvey, Ralph Boliba, Ralph Goodwin, Loren Marriott, Tony Alameda, Fred Rogers and Erle Hygelund.

First meeting of the committeemen was held at the home of L. S. Williams on Monday.

KLEINE TEAM ENTERS SAN LEANDRO COMPETITION

The Kleine softball club of Centerville has entered the tournament sponsored by the recreation department of the city of Alameda. Play will start August 9. Two teams representing the township area have been invited to enter the competition, but thus far Kleine's has been the only one to accept.

Say you saw it in The Register.

SPORTS

14-YEAR-OLD BOY WINS DEER SHOOT

Best shot of the day at the Niles Sportsmen's Club running deer shoot last Sunday proved to be a 14-year-old boy!

He is David Gellerman, son of Mr. and Mrs. Chester Gellerman of Sunol, who hit the moving target ten times out of 15 to outshoot a field of competitors who, circumstances compel, must be termed "oldsters."

The shoot last Sunday was a continuation of the previous Sunday's meet. Prizes not distributed at the first shoot were awarded.

Anthony Fields of Joe's Corner won the trap-shoot, prize for which was a bottle of whiskey contributed by Joe's Corner. Fields shot 23 out of 25. Ernie Frick, second-place winner with 21 out of 25, traded with Fields—to make things, ah, look right!

Richard Davis was general chairman of the shoot.

MARLO LOSES 10-3 TO OAKLAND BROWNS

The Marlo ball team of Decoto ran into a tough game last Sunday at Ramondi Park in Oakland when the Commercial Browns, a negro club, came out on top of a 10 to 3 score.

According to Al Ferreira, Marlo team manager, the Browns had too many good pitchers, using four for the game. John Sanchez and Sam Alezires pitched a good game for the local team, but the competition was just too stiff.

NILES MERCHANTS LOSE TOUGH ONE

In something of a heart-breaker, the Niles Merchants ball club came out on the short end of a 7 to 3 score last Sunday against the Automotive Machinists of San Leandro at Elmhurst.

To start the game off, the Niles team took the lead in the first inning, scoring three runs. J. Pugmire, T. Pugmire and D. Fitzgerald accounted for the markers. The inning ended 3 to 0.

For the Niles boys, this was the end, however. The Motor boys held them scoreless for the rest of the game, meanwhile scoring 7 tallies.

Joe Peters started pitching for Niles, and Junior Holderfield replaced him in the sixth. With such an auspicious beginning, it was a tough one to lose.

The Merchants will play the C. I.O. Steel Workers in Pittsburg Sunday at 2:30 p.m.

BARBECUE HONORS STEEL MILL TEAM

The Pacific States Steel softball team will be honored at a barbecue given by the officers of the steel company this evening (Friday) at Elderberry Park. The event is being arranged by Plant Superintendent Otto Weissenbacher.

Manager Louis Manuel will have all his team there. Company officials and wives present will include President and Mrs. Joseph Eastwood; Vice-President and Mrs. Milo Spaich; General Comptroller and Mrs. Marion Newman.

FLYING

Last Sunday the local flyers put in a busy day with several flights on the calendar. Neils Neilsen flew to Fresno and Bass Lake in the "Yellow Peril" and, although he arrived home "medium rare" because of the heat, he had a pleasant trip and says he enjoys being lost alone.

"Shorty" and June Stammet flew to Fresno on Saturday and then went to Monterey Sunday afternoon. Dr. Tom Wilson joined them in Monterey and both planes came home together and on the beam.

Next Sunday will see many of the local flyers winging over to Concord for the annual Breakfast Flight and Air Show. In the afternoon many of them plan to fly to Hoberg's Resort for a swim and dinner.

The next meeting of the Center Field Pilots will be held Thursday evening at Center Field. Plans for many flying and social events will be discussed and applications for shares in the Club plane, "The Yellow Pedil," will be voted upon. All local flyers who are interested are invited to attend as guests of the club. The meeting will taper off on coffee and donuts.

"Nooky" Carcoza took the "Bucket of Bolts" down to Watsonville for a family reunion and had to take off early to get out ahead of the fog (weather). "Nooky" said, "Those reunions are tough but the old crate is tougher, and we did it again."

DANCE SUNDAY

The Catholic Youth Center of Centerville will hold a dance on Sunday, August 7, at the Parish Hall in Centerville. President Joseph Lewis is in charge of arrangements, with Robert Silva serving as refreshments chairman. Mr. and Mrs. Phil Sousa will act as sponsors.

ELKS CLUB STAGING BARBECUE IN NILES

A pedro party, to be followed by a barbecue for approximately 100 men, will be held at Solon's in Niles tomorrow evening (Saturday).

Fifty guests are expected from the Alameda Lodge of Elks, as well as the same number of local club members.

Chairman of the event is Frank McGowan, who is being assisted by A. M. Alves, Ruel Brown and Dr. T. C. Wilson. Chef will be Tony Silva, who plans a feast of steaks, roast corn, beans and salad.

The Solon brothers have recently completed new quarters and barbecue facilities for organization parties, which will accommodate a hundred persons. The Washington Township Elks Club usually has about three barbecues here each year. Next Sunday, August 14, the Elks will have an annual picnic for their families at Linda Vista Park, Mission San Jose.

The famous Holly Sugar recipe for

Strawberry Glacé Tarts

RECIPE FOR TART SHELLS

1½ cups flour · ½ cup shortening
½ tsp. salt · 3 tbsps. ice water

Sift and measure flour. Sift again with salt into bowl. Cut in shortening, using 2 knives in crisscross motion, or pastry blender, until particles are the size of large peas. Add water all at once, stirring lightly, until flour is barely dampened. Turn onto waxed paper and press into ball. Chill thoroughly. Divide dough into 6 parts. Roll out on lightly floured board and fit into tart pans or over the back of large muffin pans. Prick well with fork. Bake in a hot oven (450° F.) 10 to 12 minutes. Makes 6 shells.

RECIPE FOR STRAWBERRY FILLING

3 to 4 cups fresh strawberries · 3 tbsps. cornstarch
1¼ cups Holly Sugar · 2 tbsps. water
¾ cup water · Red vegetable coloring
¼ tsp. salt · 1 tsp. lemon juice

Wash, drain and hull strawberries. Sprinkle with ¼ cup of the sugar, and let stand while you make the glaze as follows: Combine remaining 1 cup sugar and ¾ cup water in saucepan, stirring until sugar is dissolved. Boil for 3 minutes. Mix salt, cornstarch and 2 tbsps. water. Add to syrup and cook until mixture is smooth, thick and clear, stirring constantly. Remove from heat. Add red vegetable coloring as desired. Stir in lemon juice and ¼ cup juice drained from sugared berries. Place berries in baked tart shells. Spoon glaze over fruit. Chill thoroughly. Serve topped with whipped cream.

Making good things to eat "comes naturally" when you have Holly Sugar. Because no sugar in the world is purer or sweeter than this sugar your neighbors produce!

Many housewives in these parts buy the sugar named HOLLY. They do so because Holly Sugar is *perfect* for baking, cooking, canning and at table. Always white — pure. Always sweet, free-running, fine in grain.

Holly is made with sugar beets which farmers around here grow. Holly Sugar is processed in the local Holly factory. All this puts money into circulation around here . . . is good for local business.

And this is important: When this local sugar is sold hereabouts—close to where it's grown and made—freight costs are saved. *These are savings Holly shares with beet growers in this area.* The more Holly Sugar that is sold at home, the more local growers receive for their sugar beets.

So don't accept just any sugar. *Insist on getting HOLLY every time!*

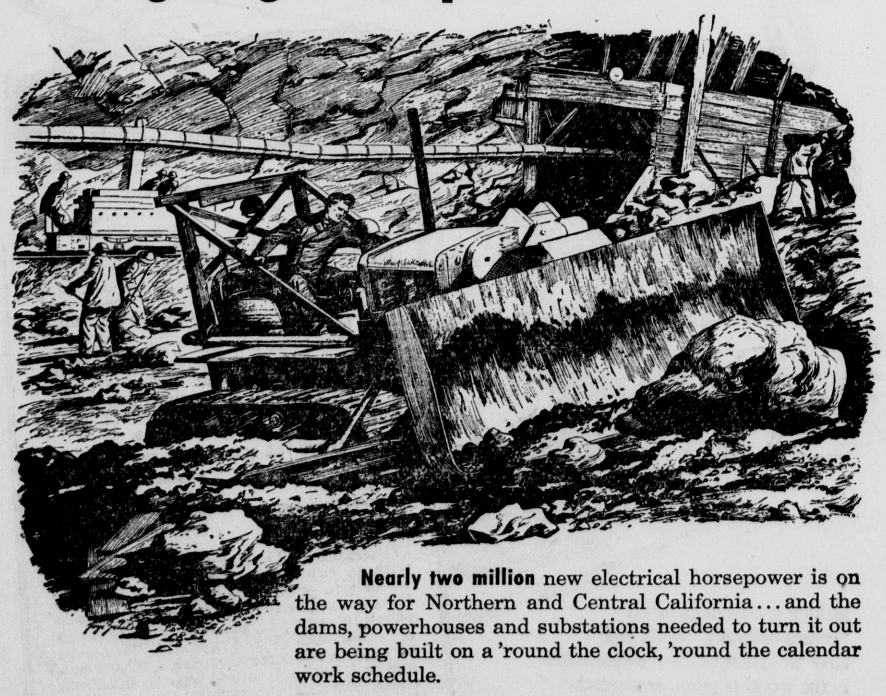
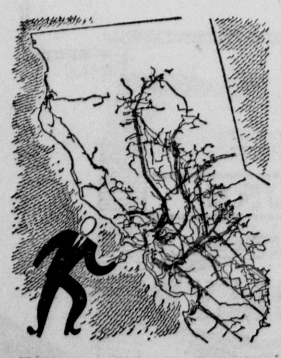
America's biggest power-building program going full speed ahead

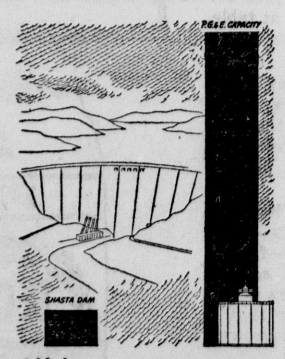


Nearly two million new electrical horsepower is on the way for Northern and Central California... and the dams, powerhouses and substations needed to turn it out are being built on a 'round the clock, 'round the calendar work schedule.

It's the biggest building program of any electric utility in America today—begun just after the war ended—already well along toward its goal! To give you a quick picture, here are some comparisons.



More power is being added than was needed to serve all of Northern and Central California before the war. Construction is speeding along at over $10,000,000 a month.



Added to previous totals, this new power will give P. G. and E. a generating capacity eight times greater than Shasta Dam... three times greater than Hoover Dam.

Thousands of jobs have been created. Today 6,000 men are hard at work building the power needed to serve growing California... to serve you better.

Work never stops on our power-building program

NILES COUPLE RETURN FROM TRIP IN NORTH

Mr. and Mrs. J. A. McDonald of Niles returned home Sunday night after a two weeks' trip that took them as far north as Aberdeen, Washington, where they visited her mother and family. On the return trip they stopped off at Portland and visited Mrs. McDonald's brother. They reported that the Vanport flood area still looks bad and that seeing it first-hand you can really understand the plight of those who experienced it.

BON VOYAGE

A bon voyage turkey dinner was tendered Mrs. Anna Sanac by Mrs. Ella Andrade and Mrs. Larry Medeiros this past week-end. Mrs. Sanac is the wife of the late Jack Sanac, a brother of Ella and Mamie. She came from Lenord, Michigan, to spend a three months' vacation with relatives and friends here and around Niles.. This is her first trip in twenty-eight years. They were former Mission folks and Mrs. Sanac worked for years here in town at the old Stephens Ranch, later known as the Witherly Ranch. It is now owned by Mr. Huddelston of Oakland. After dinner they all went to Niles to the home of Mr. and Mrs. William Garcia, another sister-in-law, for a quiet evening of cards, but on arrival the house was dark, but when they went in everyone of the 24 folks present were singing "Happy Birthday, Anna." It was a grand surprise and, following cards and the opening of many lovely and going away gifts, the guests were served ice cream and cake, strawberries and coffee, by the hostess.

LIKES OUR STATE

Mrs. C. E. Fletcher, who has been here at the home of her daughter, Mr. and Mrs. Hightower and family, left this week to return in a round about way to her home in Childers, Texas. She is motoring through with a son who is going via Michigan and way points, then south to Texas. Mrs. Fletcher likes California very much and hopes to come back and spend the winter again.

ANOTHER!

Grandpa and Grandma Joe Santos have been piling up a score for themselves this past two months. On August 4 little Mickie arrived at the San Jose Hospital and was for delivery to Mr. and Mrs. Kim McBride (Verna Santos). He weighed 7 pounds 11 ounces. Last month they became grandparents for the third time and now Mickie makes it four. Douglas Steele, son of Mr. and Mrs. Arthur Steele of Cool, is the eldest, and Carol Brayovich, daughter of Mr. and Mrs. Peter Brayovich of San Jose was next, with Linda Harvey, daughter of Mr. and Mrs. Albert Harvey of the Mission, bringing up the third place.

FROM L. A.

Mrs. G. E. McEwan of Los Angeles is vacationing at the home of Mr. and Mrs. George Murray for a couple of weeks.

FROM KANSAS

Miss Dorothy Tallent of Belleview, Kansas, is spending a six weeks' vacation here in the Mission and at Sonora and Selma. She is now visiting her aunt and uncle, Mr. and Mrs. Edwin McNemar and family of Mission, along with her aunt and uncle, Mr. and Mrs. Roy Ball of Selma.

HOPE TO SELL

Mrs. Rose Souza of Tracy was in the Mission one day last week on business hoping to get a buyer for her place on Ellsworth street.

IN HAWAII

Mrs. Florence Medeiros has received word from her granddaughter, Pauline, daughter of Mr. and Mrs. Frank Medeiros of Livermore, that she is enjoying a three months' vacation in the Hawaiian Islands with friends and relatives. Frank and wife were in the Mission one day last week to see his folks.

NEW CLERK

A new clerk is being given the "works" at the Mission post office to take the place of Josephine Fernandez, who will resign her position on October 1 after she becomes the bride of Edward Chambers. The new one is Rosalyn Garcia, who has been a Missionite most of her life. She is the daughter of Joseph R. Telles.

VISITING FRIENDS

Joseph Fernandez, accompanied by Ed Chambers, motored to Sunol where they picked up Mr. and Mrs. Frank Silva and went on to Livermore where they spent the evening at the home of her brother, Mr. and Mrs. Tom Boggini and son, Tommie. Mr. and Mrs. Joe Boggini of Morgan Hill were at the same residence where they were spending a day or so.

Mr. and Mrs. H. B. Milburn of Niles this week took over operation of the dining facilities of the Columbia Grill.

Rowen Henry, teller at the Irvington branch of the Central Bank, is vacationing at Hoberg's for two weeks.

WATER SHORTAGE

(Continued from page 1)

require such a period of time for completion that it is regarded as having no bearing on the solution of the present problem.

It seems pretty well agreed, however, that a new source of outside water must be developed in order to assure the township of a future water supply.

The suggestion was encountered that, since acquiring by the Alameda County Water District of the Calaveras reservoir from the city of San Francisco is prohibitive either because of reluctance of the city to sell or due to high cost, the local water district itself should look to developing similar storage facilities in the mountains to the east of the township.

Questioned were the rights of the city of San Francisco to pump water from the Pleasanton area for sale to municipalities. While it is not known exactly what effect this pumping has on the underwater levels of strata in the township, opinion here is that this county's water should serve Alameda county and not Santa Clara, San Mateo and San Francisco counties, where it is being piped.

One large hope among the agriculturists here, with more likely and more immediate possibilities than the Reber Plan, for example, is the proposal to bring American River water to the new Tracy pumping plant, from which it could be raised to flow down the streams into southwest Alameda county.

Ths whole problem of water for Washington Township is regarded generally by those immediately affected by it as one of desperation. Too many consumers are using too much water; the underground storage in a year such as 1948 has been is insufficient.

There is unanimity of opinion on one thing: "Washington Township must have more water."
